A FOCUS ON *green*

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The Value Plus Series helps conserve natural resources by providing a durable, reliable, low-maintenance, energy efficient door with environmentally safe insulation. Steel doors and hardware are impervious to moisture and will not rot, warp, crack or fade, and the steel used in Clopay's doors is made from over 75% recycled content. All Clopay doors are made in the

U.S., minimizing shipping, damage and handling. For more details on Clopay's green practices,

visit our website at clopaydoor.com/cgreen.aspx

Improve your home's appearance and energy efficiency with a Clopay Value Plus Series insulated garage door. Available in 24 or 25 gauge steel with polystyrene insulation in 1-5/16" or 7/8" thicknesses, Value Plus Series models offer moderate insulating R-values, strength and security, as well as quiet operation and a beautiful appearance. Choose from multiple panel styles, many color options and a wide range of decorative window options to create a door that fits your budget and enhances your home's curb appeal.

SECTION JOINT

- 1-5/16" or 7/8" polystyrene insulation provides comfort, energy efficiency and quiet operation; door thickness is 2".
- Patented Safe-T-Bracket® helps prevent serious injury that could occur if the bottom bracket were removed with the garage door closed and under tension.
- Replaceable bottom weatherseal in a rust-proof aluminum retainer helps prevent elements from entering garage.

- Tongue-and-groove/shiplap section joints help seal out wind, rain and snow.
- Galvanized steel hinges are durable, reliable and secure.
- Nylon rollers are smooth and quiet.
- Inside/outside step plates and grip handles make doors easy and safe to operate.

STEP PLATE/ LIFT HANDLE

Color-matched exterior step plate/lift handles are durable, attractive and allow for safe opening and closing of your door.

RUST-PREVENTION SYSTEM

Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanized layer, a protective metal oxide pretreatment, and a baked-on primer and top coat.

Doors range from 6' to 16' high and 4'2" to 18" wide. Consult your Clappay dealer for size options.
WwoCase® Doors available to meet most regional wind load requirements. Consult your local dealer for specific information.
*Calculated door section R-value is in accordance with DASMA TDS-163.

WINDOW OPTIONS

Inspired by current architectural trends, our windows add natural light to your garage while adding curb appeal to your home. All Clopay window frames are UV-protected and are color matched to our prefinished door colors. Window frames screw in from the inside for easy glass replacement or to change designs.

Designer Collection Windows

Available in short or long panel designs, Clopay's Designer Collection Windows are created to complement many home styles.
